From the "Class of 82" comes this yearbook. Full of pictures and memories for all of us to share. It was a pleasure for me to put this yearbook together, although it wouldn't have been possible without the help of Mr. "T", who has become a fine friend of mine through my high school years. I would like to thank "T" for his guidance, the yearbook staff for giving a hand when needed and the girls who typed page after page. They all played a big part in this yearbook and the help was greatly appreciated.
